\$591,500

Check out this subdivision already established with utilities, sidewalks, street lights, streets, and restrictions. 15 lots remain and are already platted. This is a great opportunity to develop or sell lots individually for the next buyer to build to their liking. With this being the only subdivision offering lots, the possibilities are endless. Four homes have already been built and sold. The demand for housing in Perry County makes this a no brainer.
