\$1,187,000

6 Bedrooms | 6 Bathrooms | 6,481 Sqft

WARM, INVITING, COMFORTABLE, SPECIAL... all words to describe this beautiful English-Tudor style home. The current owners had this home custom built, with lots of love and a focus on quality and functionality. It sits on 8.76 acres and the next owner is sure to enjoy the personal privacy afforded with a view of nature and wildlife from the all-weather porch, deck, and patios, in addition to the in-ground pool area. There are too many unique features to list...Huge family room with tongue and groove wood ceilings, rough sawn cedar wood walls throughout, spacious vaulted-ceiling dining room for entertaining, two fireplaces, master suite and four additional bedrooms above-grade, with another in the lower level. The owners recently added a full kitchen and laundry in the basement for hosting extended family if needed. The roof, windows and solar panels are approximately ten years old. This property is perfectly located just outside the City limits of Cape and in Jackson School District!
