Make this house your home just in time for the summer! This all brick & stone home is located in the desirable Whispering Oaks subdivision & sits on a 1.4 acre lot that backs to trees. Inside this custom home, walk into a welcoming foyer & a cozy dining room (currently a piano room). Throughout the home, be delighted to find character sprinkled throughout, including several built ins. The open floor plan allows for entertaining that is easily extended out to the large screened in porch. The primary bedroom suite checks all the boxes: vast tile shower, large walk in closet w/ laundry & a private walk out to the oasis of a backyard. On the lower level choose if you want to get cozy as you watch a movie on the large movie screen or enjoy sitting at the bar & catching up on your day. Another bedroom & bath, as well as a multi-use room complete the lower level. The interior is just the beginning; out back, relax & enjoy a private inground pool and a hot tub. This is a must see!
