\$420,000

3 Bedrooms | 3 Bathrooms | 2,022 Sqft

Custom built craftsman house located in the rear of Walden Park that backs up to the Conservation Woods. You will enjoy this Energy Star certified home and the low utilities that come with it. This house features stamped concrete floors with radiant tubing in place throughout the home if someone wanted to take advantage of the radiant heat. In the meantime you can use the Geothermal heating and cooling. The kitchen boasts Beussink cabinets along with Cambria Quartz counter tops. There is a safe room located inside the home for bad weather along with a oversized garage. Did I mention you can enter the home and never have to climb a step and roll right into the Primary shower.
