3 Bedrooms | 2 Bathrooms | 1,788 Sqft

Start your morning with a cup of coffee overlooking a peaceful lake right across from your front porch. Sounds peaceful, right? If that is what you're looking for then come check out this spacious one owner property. Built in 2004, this 3-bedroom, 2 bath home has so much potential with a huge kitchen and dining area for entertaining during the upcoming holidays and main level laundry right off the kitchen area for easy clean up afterwards. If you need additional room, no problem. The full basement is a blank slate ready for you to create a sanctuary to relax in after a long day at work. An egress window is already in place for a potential fourth bedroom and a roughed in area for another bathroom, as well as a safe room that runs the entire length of the front porch to keep you safe from Missouri's crazy weather. Last but not least is the three-car garage where you can park all your toys or work on your hobbies. This home is definitely worth a look!
