3 Bedrooms | 3 Bathrooms | 2,332 Sqft

Welcome to this inviting 3 bedroom, 2.5 bathroom split foyer home in the quiet and desirable San Dangaro subdivision. Bright and airy, the main level features beautiful hardwood flooring that flows through the living and dining areas. The spacious kitchen offers plenty of room for cooking and gathering, while the primary bedroom includes a private ensuite bath for added comfort. Downstairs, a large family room provides extra living space along with an office that could easily serve as a fourth sleeping area. Step outside to enjoy the gorgeous backyard that backs to a wooded area, offering both privacy and scenic views. The large patio and new deck are perfect for entertaining, surrounded by established landscaping that truly shines each spring. Practical updates give peace of mind, including a newer HVAC system and roof, both just six years old, brand new garage door opening systems, foundation work completed in 2019 by SEMO Mudjacking, and tuckpointing by Mason Medic in 2025 to ensure the integrity of the retaining wall.
