3 Bedrooms | 2 Bathrooms | 1,673 Sqft

Brand new construction featuring 3 bedrooms, 2 baths and 1,673 square feet of thoughtfully designed living space. This home offers luxury vinyl tile throughout and an open living area ideal for everyday living and entertaining. The spectacular kitchen includes quartz countertops, stainless steel Samsung appliances, a hidden walk-in pantry with additional cabinetry and countertop space. The split bedroom floorplan provides privacy, with the primary suite offering a private bath and a beautifully tiled walk-in shower. Bonus- all bedroom closets have been upgraded with built-in organizers. Main level laundry adds convenience. The full, unfinished walk-out basement has been carefully planned for future finishing, with space for an additional family room, bedroom, and full bathroom, as well as a built-in safe room. Exterior features include an oversized two-car garage, a deck overlooking the backyard, and a patio below for added outdoor enjoyment.
