605 Albert is move-in ready and excited for new owners! With a full length enclosed front porch, an enclosed back porch and a large backyard fenced for privacy, you will have plenty areas for kids, animals, or just space to relax. On the main level you will see a large kitchen with an island that incorporates a gas stove. Off the kitchen you can walk to the back enclosed porch that has been converted to a mudroom with washer and dryer hook up. From the kitchen, you can also enter a door that leads to the stairs going to the second floor. On the main, there is also a bedroom, full bath, and a living room that is large enough to have a dining table on one end. Upstairs was previously used as a large bedroom and the small room towards the front of the house was used as a nursery. The current owners removed a wall upstairs, which allowed a 3rd bedroom which could easily be added. There are ample closets upstairs and a bathroom with a shower. The basement is unfinished and walks out and up to the backyard. There are many nice updates throughout this home and you will be surprised at the space. Schedule your tour today! This home is for sale As-Is.
