Welcome home to charm, sunshine, and space to spread out, all tucked inside Cape s Alma Schrader school district. From the moment you pull up, the classic brick exterior and welcoming entry make you smile. It s the kind of home that feels warm before you even step inside. Beautiful curb appeal, clean lines, and that this is the one vibe. Inside? Light pours in! Soaring vaulted ceilings create an airy, open feel, while hardwood floors ground the space with warmth and character. The natural light dances through the large windows, making every room feel bright and happy. The kitchen is ready for everything from pancake Saturdays to holiday baking marathons, with plenty of cabinet space and a sunny eat-in area overlooking the backyard. Step out onto the deck and imagine grilling with friends or winding down in the evenings under string lights on the patio below. The primary suite feels like its own little retreat complete with a jetted tub in the en-suite bath. Downstairs, the mostly finished basement is the ultimate bonus space. Movie nights, game tables, workout zone, playroom you decide. It s flexible, functional, and ready for fun. And the cherry on top? A brand-new premier HVAC system installed in 2025. Four bedrooms. Three baths. Vaulted ceilings. Sunlight. Hardwoods. Deck. Finished lower level. Major curb appeal. Incredible location. This
