This one is a wow! Who is not looking for an updated kitchen and great room, a newer master bath and walk in closet, lots of space and style? With the elusive four bedrooms above ground and a main floor master, this home has it all! Gorgeous finishes and updates abound, with the stone fireplace and built ins, and the newer bar area in the lower level. The yard is fenced in, and offers play and entertaining space. Come see all this home has to offer-it outshines the rest! The lower level also sports a bedroom and bath, perfect for guests or teens.
