3 Bedrooms | 2 Bathrooms | 1,694 Sqft

This spacious one-and-a-half story cottage is a true charmer! Throughout this 3 bedroom, 2 bath home you will find arched and solid wood doors, a fully updated eat-in kitchen with new appliances, wood floors throughout most of the home and staircase, updated bathrooms and a new roof installed in March of 2026. On the main floor there is a living room with a fireplace centered in a wall of wood shelving. There is a designated dining room that leads to an enclosed sunroom that's perfect for extra seating or office space. Additionally, the main level offers a newly remodeled kitchen, a full bathroom and a bedroom. Upstairs you will find 2 bedrooms, a full bathroom, and common space on the landing for a couple chairs or a desk. The basement has a small family room, storage, and laundry area and you can walk out and up from the basement to the beautiful back yard. Out back you step into a courtyard area with a pergola and decking that leads to french doors that enter the 1-car detached garage. There are steps in the yard that lead to an additional level of the yard which is flat and fully fenced. This inviting home has been well maintained and it's ready for new owners!
