Completely renovated from top to bottom this 3 bed, 2 bath home with a 1-car attached garage is truly move-in ready! It might be easier to list what hasn't been updated. Exterior improvements include a new roof, gutters, shutters, a garage door, and most windows replaced for added efficiency and curb appeal. Step inside to find all new luxury vinyl plank flooring throughout, fresh modern paint, updated trim, and stylish new light fixtures and ceiling fans. The kitchen has been fully redesigned with brand new cabinets, countertops, and backsplash perfect for everyday living and entertaining. Both bathrooms have been updated. The main-level bath features beautifully refreshed LVP flooring, a new vanity, fixtures, and a tiled bath/shower combination. Convenient main level laundry adds to the home's functionality. Major system upgrades include a new hot water heater and all new water lines throughout the home. The basement offers added potential; a main drain is already in place, which is ideal for a future wet bar, water softener, or both. Enjoy outdoor living on the partially covered back patio, and two storage sheds providing plenty of space for lawn equipment or extra storage. This home combines modern updates, practical improvements, and thoughtful touches. Do not miss your chance to make it yours!
