Tucked at the end of a quiet cul-de-sac in Carolewood, this one just feels different the second you pull up. From the moment you walk in, the entry makes a statement and sets the tone for the rest of the home. Upstairs, the kitchen is built for someone who actually uses it, with granite countertops, great flow, and plenty of space to cook, host, or gather. With 3 bedrooms and 3 bathrooms, there's room to spread out without wasted space. The split-level layout gives everyone their own corner while still feeling connected. Out back is where this one really wins. A private, fenced yard, brand new deck, and fire pit area make it easy to picture slow evenings, weekend get-togethers, or just having your own space to unwind.
