3 Bedrooms | 2 Bathrooms | 1,664 Sqft

This well-maintained home built in 2014 sits on a private .563-acre lot that backs to mature trees - offering a peaceful setting with plenty of room both inside and out. Step inside to 1664 square feet of open-concept living on the main level, featuring a spacious living room with an electric fireplace and custom built-in bookcases. The upgraded kitchen features a center island, HD laminate countertops, and stainless steel appliances - flowing seamlessly into the dining and living areas for easy entertaining. The split bedroom floor plan provides ideal separation, with a spacious primary suite offering a full en-suite bath complete with a jetted tub, separate shower, and walk-in closet. Two additional main level bedrooms and a full hall bath round out the layout, along with convenient main level laundry. Downstairs, the full unfinished basement offers incredible potential for future expansion, already equipped with a third bathroom rough-in and an extra garage door perfect for storage, a workshop, or additional living space. Enjoy the outdoors from the covered deck or patio, both overlooking the private backyard. As a bonus, the solar panels are fully paid off, providing long-term energy savings. A rare combination of privacy, functionality, and future potential - this one is ready to welcome you home!
